

CLASSROOM INFORMATION: ECO 1B

EQUIPMENT

Projector

- 1 data projector
- 1 screen for projector output
- Projector remote (hanging near the classroom phone on the wall)

LIGHTING

Use the light switches between the entrance door and the screen to adjust the lighting as needed.

DATA PROJECTORS

1. SETTING UP THE SCREEN AND OPERATING THE PROJECTOR

Use the **Screen** buttons next to the light switches to set the screen at the required height.

Press the remote's **Power** button once to turn the projector on, and twice to turn the projector off.

Note: The projector may take a minute to warm up before you can use it. If it's recently been switched off, wait a few minutes before switching it on.

2. CONNECTING YOUR LAPTOP TO THE PROJECTOR

Visual input	HDMI-enabled laptops: <ol style="list-style-type: none">1. Connect the HDMI cable hanging near the classroom phone to your laptop's HDMI output connector socket. If the projection screen doesn't display your laptop screen output: <ol style="list-style-type: none">1. Look for a Function / Fn (F1, F2, etc.) key on your laptop keyboard that represents the monitor display.2. Hold the Fn key and press the relevant monitor display key.
Internet / network access	To use the wireless network, connect your laptop to UCT's <i>eduroam</i> WiFi service*. * Visit www.icts.uct.ac.za/wireless-at-UCT for instructions.

PACKING UP

1. Unplug your laptop from the lectern's HDMI cable.
2. If your class is the last before Meridian / at the end of the day, roll up the projector screen, and turn off the data projector and the lights.
